

Appendix A

Interview Questions

Put the three following technologies in order from most to least effective at encouraging meaningful reflection on your teaching (card sorting):

Videotaping Teaching

Online Discussions

Portfolio Development

Describe each of the three in order and tell how or why it encourages or fails to encourage meaningful reflection on your teaching.

Which technologies, if any, do you plan on using in the future and for what purpose?

Will you adapt any of these technologies to meet your needs in another way?

Has use of any of the three technologies encouraged you to improve your teaching practice?
